

Meeting called to order at 7:12pm, April 12, 2002

Present: Jerry Frey, Carol Kaufmann, Jim Erdman, Maribeth Gabert. Audience of 22

Motion to approve minutes of March 22, 2010 made by Erdman, seconded by Kaufmann, motion carried.

No Building Inspector report

Public Comment:

Jason Selwitska informed the town that the Fire Dept received a \$12,000 grant from the John Kuehnzl Foundation for the purchase of defibrillators. The department has purchased 15 units, (one will be with each first responder) and one will be housed in a cabinet in the Town Hall for emergency use. The Department is donating it from their fundraiser monies.

Chief Grundy reported there will be an Open House on Saturday, April 17, 2-6pm to honor Don Payne for the 40 years of service to the Town Fire Department. The town will recognize him with a gift.

County Sheriff Officer, Kyle Schoonever, was introduced. Town residents Bill Sitter and Dave Wurn mentioned speeding problems on Brooks Rd and the intersection of Cnty T & Y.

Speaking to the ongoing issue of renewing the Conditional Use Permit for the Grundy Quarry by Michels Materials:

Frey reported that a decision will be made by the county planning/zoning on May 3. There will be no public participation. Cary Rowe has said that it could be renewed for 6 years. Our town zoning committee has tabled a decision while waiting for input from neighbors about any problems that they have incurred with their wells, walls, and septic systems. Our town board will have our decision on the agenda at our next meeting, April 26.

A number of quarry neighbors have submitted their complaints/issues to the town board. They expressed to the board their feelings were that nothing would be done and their only salvation had been that the final date for operation of the quarry was coming soon because of the end of the conditional use permit June 2010. When Bob Bingen, of Michels Materials, was questioned, he admitted that not a single neighbor has recouped from Michels any expense for dry wells, cracked walls, or septic pipe damages. Erdman suggested a possibility of having a set date of December, 2012, for an absolute closing of operations of the site, without any extensions, would perhaps satisfy the neighbors. That would give the quarry 2 more years of operation yet also guarantee to the neighbors that there would be a set end date.

AGENDA:

- Gold Cross request for more use of the Recycling Building was tabled. Kaufmann will check with the DNR as to the affect that the use would have on the recycling grant money the town receives.

- The town has 60 days to meet with Gerber and Rusch regarding the agreement for the Jackson Heights II annexation. Frey will get meeting date when Rusch is back in town.
- Motion was made by Erdman, seconded by Kaufmann, to approve appointment to VFD of Paul Friday. Motion carried.
- Motion by Erdman, seconded by Kaufmann, to table the approval of the operator's licenses for the Fountain Tavern until checks about doing so when the tavern is closed.

Frey, Kaufmann, Erdman will attend the Urban Towns meeting April 24, 2010, in Fond du Lac. Merten will send in registration.

Gabert will follow up on Dept of Revenue letter regarding reassessment. She will make sure they are aware that the town is in the process of doing such.

Erdman mentioned that TIP monies may be available from East Central Regional Planning for work on Snell from Jackson to Bowen, Vinland Rd, and Fernau Ave.

Kaufmann made a motion to pay the bills, Erdman seconded; motion carried.

Kaufmann made a motion to adjourn; Erdman seconded; motion carried.

Meeting adjourned at 9:22pm
